GAZETTE AND FREE PRESS.

Forever float that standard sheet!
Where breathes the foe but falls before us?
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us.

The Call for More Troops.

The telegraph informs us that the President has called for eighty-three thousand additional troops. This will be hailed with joy by all patriotic men, and by none with greater satisfaction than by the volunteers. It is now quite probable that Wisconsin will be expected to furnish five regiments. Hurry up, boys, and do not allow others to get in ahead.

The Rumored Armistice.

We trust the report that the secretary of war has gone to Richmond and that an armistice of six days has been agreed upon, is false. If the rebels want peace let them go to Washington and make their submission. Should Mr. Cameron be found in Richmond, we hope they will make a prisoner of him.

War Meeting at Magnolia.

Last night the people of Magnolia had a meeting to take into consideration the condition of the country. The crowd assembled in the church and was organized by the appointment of Elder Jamison, as chairman and George Howard as secretary. Speeches were made by Sheriff Putnam and H. N. Constock of this city. The house was filled to overflowing and great interest was manifested. In addition to those who have already enlisted in the service as volunteers, four new names were taken, John C. Mallory, Francis Howard, Horace C. Smith and Charles M. Clifford. These men are ready to unite with the Janesville company. A committee of three were appointed to secure subscriptions to the county fund. This committee consists of Elder Jamison, N. B. Howard and one other whose name our informant had forgotten. Subscriptions to the amount of \$400 was taken on the spot, and the committee say that Magnolia is good for \$1000. Good martial music was in attendance.

CHANGE.—J. A. Hadley, of Watertown, has taken the place in the Secretary of State's office lately occupied by Mr. Sholes, who goes to Milwaukee to fill the office of Deputy Collector of the port, and to act as editor-in-chief of the Sentinel.

Mrs. Phelps, associated with her husband in the editorship of the Horicon (Wis.) Gazette, says she will edit and publish the paper while her husband is gone to the war, and if necessary she will volunteer herself. And so it goes over the broad northern states. While we have such women living, no one need fear the issue of events.

THE FRIGATE CONSTITUTION.—The old frigate Constitution came very near falling into the hands of the secessionists at Annapolis before the New York and Massachusetts troops were speedily put aboard her. She was a ground and helpless. A company of Massachusetts riflemen were speedily put aboard her, and when the tide rose the tug hauled her off. When Gen. Butler asked if any of them could sail the Constitution, *“fifty-four men stepped from the ranks, one of whom was a son of the man who built her!* The good old ship is now safe in New York harbor.

Jefferson Davis is now believed to be on a secret visit to the governors of North Carolina, Virginia and Tennessee, for purposes of consultation.

A secession flag waving from a house top in Alexandria is distinctly visible from the President's room at the White House.

THE HEROES OF THE TIME.—These are the times which make and unmake reputations in a day. The exigencies of war lay bare the souls of men. Major Anderson, almost unheard of before the outbreak of the treason, now stands in the front rank of the sagacious heroes of the world. The timely *coup de main* of Lieut. Jones and the 250 brave men of his command, in destroying 15,000 stands of arms at Harper's Ferry, has signalized the perfidy of Virginia traitors, and may have saved the national capitol. Certainly it has added a name to the list of our serviceable heroes. Butler's occupation of Annapolis and the Junction stamps him a general of energy and sagacity. The names of the massacred of the brave Sixth Regiment of Massachusetts will go down to posterity with those of the glorious martyrs of civil liberty who fell at Lexington and Concord 36 years ago.

JUDGE LANE EXPLAINS AS A PRIVATE IN THE CONFEDERATE ARMY.—Judge G. W. Lane, recently appointed United States Judge of the Northern District of Alabama, and confirmed by the Senate to that position, has thrown up his commission and volunteered as a private in the confederate army.—Mobile Advertiser.

Our Country.

"Our country right or wrong."
What is right we'll stand by.
That's all I care about.
Thus ring the parrot song.
Be on the fly arrayed,
An' war wild trumpet blown,
Can we not make the world mend
His country's cause his own?

Then I feel like the fawn,
Where noble thoughts have swayed,
One sure voice forever calls,
The patriots heart and blade;
Be, at thy country's name,
For we're the true, the right,
Wreath round her glory all the same,
And loves for her to die.

Where'er her flag unfurled,
Wooz the saluting breeze,
Flings o'er the plain its stately fold,
O'er the land where we're bold.
All dearest things are these,
All that makes life divine,
Hence, faith, the brave, the true, the fair,
O'er the shadowing sky.
Oh! is this a dream? a dream?
No, 'tis the real deal,
Who sleep by hill and stream, and stream,
Or sleep on ocean's bed?
By every sacred name,
By every hallowed song,
By all we know and love of fame—
Our COUNTRY—right or wrong!

IMPRESSING NORTHERN MEN AT THE SOUTH.—The rumor that the southern states have resorted to the business of impressing citizens of the north into the army of the confederate states, has been circulating for some time without much credence. We are, however, able to say that such is the fact. Two of our citizens who were in New Orleans on a trading expedition, were forcibly seized and thrust into Camp Cooper. These persons were Cornelius Simeon and Amos Barnhart, of this city. The former is still at Camp Cooper—in sight of the old battle ground; the latter deserted on the morning of the 12th inst., and reached home on Saturday. He saw some twelve other men from the north among the recruits, and gives the account of the killing of Geo. Freyberger, Jr., of Connerville, of this state, about three weeks ago. He was shot in cold blood, it seems, for a simple expression.—*Terra Haute (Ind.) Express.*

THE AMERICAN PRESS AND THE WAR.—Some of our contemporaries in the United States, says the Montreal Star, are sorely exercised by the state of affairs existing at present. A few of them have been leading abettors of the treason of the South, and have, no doubt, done much to encourage the rebellion by representing that there would be a strong sympathy with it in the North. The sympathy, however, having all turned the other way, these gentlemen have had to eat their leek; the mob having waited upon them to request a change of opinion. That canting newspaper, the Journal of Commerce, filled with apologies for flogging women, and selling into slavery bastard children of one's own body, alternately with missionary news, and accounts of prayer meetings, held out a long time. The Herald frankly satanic, changed its tune a little in advance, and its conversion is hailed by the Tribune with a column of parallel quotations, the one showing how just is the cause of the South, and how certain to prevail; the other, how vile was the rebellion of the fire-eaters, and how sure was the victory of the federalists. Mob law against mere intellectual discussion is always bad; but one cannot forget that these men thus kindly coerced, have been the pillars of all the ruffianly Vigilance Committees, who for months have been scouring and hanging innocent men for the expression of opinion. A taste of a little home-grown Texas lynching would at least have taught them sympathy with others.

MILITARY DESPOTISM IN SAVANNAH.—Among the passengers of the Florida, which arrived at this port yesterday, were 4 young men who seceded themselves on the vessel, and in this way escaped. One of them stated that every northern man capable of bearing arms is pressed into the rebel army, under penalty of \$100 fine and imprisonment in the common jail.

Just before leaving he received notice to appear for duty, and in order to escape on the Florida was compelled to abandon all his property. There is a complete military despotism in that city. He reports that a privateer vessel was fitting out in the port of Savannah.

Mrs. Phelps, associated with her husband in the editorship of the Horicon (Wis.) Gazette, says she will edit and publish the paper while her husband is gone to the war, and if necessary she will volunteer herself. And so it goes over the broad northern states. While we have such women living, no one need fear the issue of events.

THE FRIGATE CONSTITUTION.—The old frigate Constitution came very near falling into the hands of the secessionists at Annapolis before the New York and Massachusetts troops were speedily put aboard her. She was a ground and helpless. A company of Massachusetts riflemen were speedily put aboard her, and when the tide rose the tug hauled her off. When Gen. Butler asked if any of them could sail the Constitution, *“fifty-four men stepped from the ranks, one of whom was a son of the man who built her!* The good old ship is now safe in New York harbor.

Town of Janesville.

There will be a meeting of the citizens of the town of Janesville, at the Rock River House, on Wednesday, the 1st day of May, for the purpose of appointing a town committee to take such action in relation to the volunteer relief fund of said town as may be considered expedient. Meeting will assemble at 2 o'clock P.M.

A. W. POPE,
of the County Committee.
Janesville, April 26, 1861.

A BELOVED ENTERPRISE.—In these exciting times people are not expected to give much attention to their bodily comforts, but those who can confine themselves to such matters are not probably aware of the existence of such an enterprise as that of a shirt manufactory. Mr. Whittlesey, 2 doors east of the Ford House, is making garments of that kind according to rule, and warrants a perfect fit or no pay. We trust he may be sustained in his endeavors to alleviate the misfortunes of the shirtless.

FALSY.—The Indianapolis Journal says that the story circulated that the wells at Camp Morton had been poisoned was without foundation. A sudden attack of diarrhea, caused by taking cold after violent exercise, was the cause of the report.

MARQUIS ORDERS.—Capt. Ely has received orders to report his company at Madison next Monday.

A CALIFORNIA TRAIN.—A train of eight wagons and about 40 horses from Cambridge, Dane county, passed through this city to-day on its way to California. The emigrants with the train consisted of 5 or 6 families, numbering about 25 persons, substantial and enterprising citizens, with the means to place themselves in comfortable condition in their new homes. They purchased about \$350 worth of family groceries at the store of George Graham, Main street.

RAPID SALE.—Yesterday Mr. Seaman a bookseller in Evansville, took home with him 1000 of the Union envelopes sold by Mr. Dearborn. To-day he sends for more, having sold his entire lot in a few hours.

We are now printing 20,000 of these envelopes for Mr. Dearborn, and we judge from the orders he is receiving that he will soon want more. Among his orders is one for a thousand, from Oshkosh.

GREEN COUNTY VOLUNTEERS.—Seventeen volunteers from Green county, it is said, have expressed their willingness to enroll in the National Guard of this city.

HOOK & LADDER CO.—There will be a special meeting of Rescue Hook and Ladder Co., at their hall this evening, at 7:30 o'clock. Let every member attend, as business of importance will come before the meeting.

W. T. PAUL, Foreman.

J. N. SAUNDERS, Secy.

RELIEF MEETING LAST EVENING.—The meeting was called to order by the chairman, Wm. Ebbets Esq., who stated that the county committee have the whole subject of relieving the families of volunteers under their charge, referring any action of the meeting on that subject unnecessary.

On motion, Mr. Justin was appointed marshal of citizens to escort Capt. Ely's company to the railroad depot when they leave for the field of their duties.

The following preamble and resolutions were introduced by J. M. May, and unanimously adopted by the meeting:

WHEREAS, The elements of successful warfare, viz: Men, Money and Breadstuffs, are indispensable; and

WHEREAS, The call of the President of the United States for 50,000 volunteers is responded to by a quarter of a million of freemen, a full proportion of whom are from the north-west, each saying "I will go," shows that in this war there is no lack of men. And

WHEREAS, More than \$100,000,000 are already freely offered, by citizens and corporations, to the United States government to carry on this war to suppress a most formidable, wide-spread and unnatural rebellion, proves that there is no lack of money, and

WHEREAS, The agriculture of the eastern and middle states is seriously disturbed by the great numbers who have entered and are preparing to enter the service of their country; therefore

Resolved, That we earnestly recommend that every farmer and horticulturist in the north-western states, (the acknowledged granary of the continent,) sow or plant every root, yes, every foot of land practical, and to secure the bountiful harvest we pray heaven to grant us, patriotism will urge the professional man, the merchant and the artisan, to leave town and city to render needed aid in gathering the golden fruits of the year, so that the armies and people of the loyal states may not suffer from the want of the staff of life.

On motion of H. Richardson the meeting adjourned to give the use of the Hall to our Irish fellow citizens for the purpose of taking the preliminary steps for forming an Irish military company.

BANDAGES.—To the ladies who will furnish bandages for the use of the surgeons in the army, the following directions may be of service:—Bandages should be made of soft pliable unglazed muslin, such as is usually sold at ten cents per yard. The muslin should be torn, not cut, into strips, and these strips sewed together at the ends with a soft flat seam. When long enough, the bandage should be rolled as tightly and compactly as possible, and when rolled, the loose threads should be removed from the ends of the roll. The length of the bandage should be marked with a pencil on each roll. Bandages of the following lengths and widths, are most useful:

Twelve yards long and 4 inches wide. Eight yards long and 3 inches wide.

Eight yards long and 2 1/2 inches wide.

Five yards long and 2 inches wide.

Three yards long and 2 inches wide.

Janesville City Cavalry.

The adjourned meeting of this company will be held at the 7½ o'clock this evening, at the Jury Room, in Myers' block. All members are requested to be present, as business of importance will come up for consideration. ALMON CALKINS, S. D. LOCKE, Secy. Chairman.

SWORN IN.—The oath was yesterday administered to the members of Capt. Ely's company by Judge Noggle.

BELoit VOLUNTEERS.—The Milwaukee papers compliment the Beloit volunteers very highly, and considers it about the best company in the regiment.

RELIEF FUND MEETING.—At the meeting of the subscribers to the relief fund last evening, it was resolved to request the citizens of Janesville to turn out in a body as an escort to the volunteer company when it leaves for Madison next Monday. A resolution offered by J. M. May, urging the necessity of sowing for a full crop of grain next harvest was unanimously adopted.

MEETING OF IRISH CITIZENS.—An enthusiastic meeting was held in this city last evening for the purpose of organizing an Irish military company. Thomas M. Lynch was chosen chairman, and Ed. McConnell secretary.

Mr. Lynch made a patriotic speech, explaining the object of the meeting.

W. H. Ebbets being called for, addressed the meeting in an eloquent manner in relation to the crisis in our national affairs.

On motion of Col. Edward McKey, it was resolved that a company be raised under the call of the president, to be composed of the Irish citizens of Janesville.

Some thirty persons were immediately enrolled among those present. We learn this morning that fifty have already signed, and there is no doubt that this company will in a very short time have its full quota of men. The natives of Ireland in this city can get up one of the best companies in Wisconsin, and we have no doubt they will do so.

NEW ESTABLISHMENT.—The undersigned having rented a corner in the post office, proposes to fit up a news stand, where will be kept the latest Chicago and New York dailies, story papers and magazines. Union envelopes and writing paper for sale cheap.

I would solicit the patronage of my friends, and I would like to be a friend of every one in Janesville.

S. WHEELER BOWEN.

WAR TRUTH.—A casemate is stone ready to a fort, made sufficiently thick to resist the force of cannon balls, and a case gun is one which is placed under a casemate. A barbette gun is one which is placed on the top of the fortification. An embrasure is the hole or opening through which guns are fired from fortifications. Loop holes are openings in walls to fire musketry through.

ARDS FOR A HUNDRED THOUSAND MEN.—To relieve certain apprehensions prevalent among some of our own citizens, as well as those of the other portions of the free states, in relation to the supply of arms, we feel authorized to state that there are at the Springfield armory ninety thousand stand of efficient arms, and that there are in this neighborhood also in possession of the government not less than ten thousand in addition to those in immediate demand, thus we have within one day's railroad transportation, arms for one hundred thousand men. Floyd, with all his fine administrative talent as a robber, did not leave the north wholly defenceless.—Philadelphia Inquirer.

A BANNER TOWNS.—We have heard of no town in the rural districts, that has done quite as well as Shoptope, Rock county. The citizens have there contributed \$4,480 to the fund for the families of volunteers—Milwaukee, Wisconsin.

AT THE BOSTON meeting to summon recruits for Fletcher Webster's regiment, the following telling incident occurred: The chairman notified the audience that subscriptions would be received, when a little boy promptly came forward and said, "This is from Stephen Decatur, sir!" It proved to be a check for \$100. The father stood by, blind. He is an officer of the navy, who lost his sight in the service, and a nephew of Commodore Decatur, of the last war.—Nine cheers were given, which made the ball ring.

WHAT IS MARTIAL LAW?—It is an arbitrary law, originating in emergencies. In times of extreme peril to the state, either from without or from within, the public welfare demands extraordinary measures. And martial law being proclaimed, signifies that the operation of the ordinary legal delays of justice is suspended by the military power, which has, for the time, become supreme.

It suspends the operation of the writ of habeas corpus, enables persons charged with treason to be summarily tried by Court Martial instead of Grand Jury; justifies searches and seizures of private property, and the taking possession of public highways, and other means of communication. Involving the highest exercise of sovereignty, it is, of course, capable of great abuse, and is only to be justified on emergencies of the most imperative and perilous nature, such as now appear to exist in Baltimore.

Safely Defy Competition,

Selling as we do (subject to only one cent and the half price of one store), all the different kinds generally used, we can afford to sell at a lower price than that the larger our sales, at given expense.

The Cheaper we Can Afford to Sell.

We thank the citizens of Rock and adjoining counties for the liberal and constantly increasing patronage given to

THE HONEST ONE PRICE STORE,

and feel confident that we shall continue to sell so as to maintain the confidence of our old friends, in 1861 add many new ones to the list.

Cephalic Pills
SICK HEADACHE CURE
Nervous Headache CURE
All kinds of Headache.

Now Ready!

By the use of these pills the periodic attacks of Nervous or Sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing Nausea and Headache which females are so subject to.

They act gently upon the bowels—the removing Coffeemess.

For Literary Men, Students, delicate females, and all persons of sedentary habits, they are valuable as *Lazative*, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been, in use many years, during which time they have been prevented and relieved a vast amount of pain and suffering from headache, whether originating in the nervous system or from a deranged state of the stomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety, without making any change of diet, and the absence of any disagreeable taste renders it easy to administer them to children.

Important Discoveries and New
Arrangements!

This subscriber has discovered upon his premises a

I spindled

QUARRY OF FREESTONE,

which promises to surpass anything yet found in the country, and add to the many already developed resources of the State.

A Beautiful, Cheap and Durable Building Material, has made arrangements to work this, together with the justly celebrated

Monterey Lime Stone Quarry,

on a scale equal to the demands of our enterprising citizens, and in order to accommodate his numerous customers, he has made arrangements to keep constantly on hand a large supply of

ATHENS MARBLE

(of Chicago stone.) It is now fitting up extensive saw and planing mills, and other necessary machinery for working the same, at a great reduction from former prices.

He also wishes to call attention to the fact that sound timber is to be had in great abundance in the town of Beloit, and the Monterey Quarry is the only one in this country that has been worked enough to reach these formations that are imperial in size.

He is also supplying his quarry with Derricks to facilitate handling and loading large stone, and is fit up with expensive wagons, carts and trucks, fitted with steel wheels, and capable of carrying a dimension of any size, from two to thirty feet square, and from six to twenty inches thick, or any required length up to one hundred feet, to any part of the city or out of board of the cars.

It is prepared from

CUT STONE

of every description.

PLAIN, MOULDED, CARVED OR POLISHED FLAGGINS

of any required dimension.

CURBING, PAVING, RUBBLE AND CURSING

of the best quality in the state, all of which will suit particular wants at his quarry or any part of the city to suit purchasers.

In conclusion, he begs to assure the public that from the superior quality of his material and facilities for working the same, he will make it to their interests to patronize the Monterey Quarry.

As All Orders from the city or country will be promptly attended to.

Yours truly,
F. C. MILLIMORE,
Jamesville, Jan. 23, 1860.
